A portable, knockdown shooting bench that is a perfect accessory for shooting at a primitive range. Made from 1 sheet of 3/4” plywood, and can be assembled in seconds as either a right handed or left handed shooters bench.
Assembly Instructions

- Lay out pattern and cut pieces from sheet of 3/4” plywood as shown above.
- All slots are 3/4” wide to accommodate 3/4” thick plywood.
- Take care when cutting slots and tabs to insure good, tight fit during assembly.
- Glue and screw seat cleats to bottom of seat.
- Sand all edges and finish as desired with a coat of paint or varnish.
- Have fun shooting...
